

International Standards Workshop for the Oil & Gas Industry In Thailand/South East Asia  
1 ½ days 11-12 March 2010, Peninsula Hotel, Bangkok

---

**International Standards Workshop for the Oil &  
Gas Industry in Thailand and South East Asia**

**11-12 March 2010,  
Workshop Venue Peninsula Hotel, Bangkok**

---

## Objectives

---

This workshop is designed to provide professional of oil and gas companies, national standards bodies, service providers, the supply industry and rule-making authorities in Thailand and South East Asia with the opportunity to broaden their understanding of international standardisation activities for this globally important industry sector.

The workshop will review and discuss the international and national standardisation work, the role of the authorities and standardisation bodies in ongoing standardisation activities and the experiences within other relevant countries and regions of adopting such standards for the oil and gas sector, including the challenges facing harmonization of company and local standards with International Standards.

## Key Benefits

---

- Provide an overview of the international standardisation process with particular focus on the efforts, work and products arising out of ISO Technical Committee N<sup>o</sup> 67 that focus on standards for "Materials, equipment and offshore structures for the petroleum, petrochemical and natural gas industries", used both upstream and downstream.
- Provide an up-to-date overview on the importance and benefits of standardisation in oil and gas industry and explore the activities and experiences of international, regional, national and company standardisation in this field and how Malaysia can participate and influence these standards.
- Develop a clear picture of the benefits of adoption of International Standards, identify the difficulties facing international standardisation and suggest effective solutions in this regard.
- Identify and define Thailand's oil and gas sector standardisation needs in view of its growing oil and gas industry and ongoing globalization efforts.
- Provide an opportunity for a Roundtable and Q & A session with national professionals of oil and gas companies, national standards bodies, service providers, the supply industry and international representatives.

## Participants

---

Thailand's service providers and the supply industry, production sharing contractors, joint venture partners, PTTEP and other oil & gas companies, technical experts, local authorities, government agencies, standards organizations, members from the International Association of Oil & Gas Producers (OGP) Standard Committee and others taking an interest in standards for the oil and gas industry in Thailand and South East Asia.

## Organisers

---

OGP, PTTEP, PTT, Chevron (Thailand) E&P, Department of Mineral Fuels of the Ministry of Energy (DMF), Petroleum Institute of Thailand (PTIT) & Thai Industrial Standards Institute (TISI)

International Standards Workshop for the Oil & Gas Industry In Thailand/South East Asia  
1 ½ days 11-12 March 2010, Peninsula Hotel, Bangkok

Day 1	PROGRAMME – International Standards for the Oil & Gas Industry	SPEAKER
0800 – 0830	Registration & Refreshment	
0830 – 0840	Safety Briefing	Mr. Sujin Lasode
0840 – 0845	Welcoming Remarks	Mr. Tara Tiradnakorn, Chevron
0845 – 0900	Introduction to Workshop	Mr. Ross Smith, BP, OGP Standards Committee Chair
0900 – 0915	Opening Address	Dr. Kurujit Nakornthap, DMF
	Each presentation hereafter will allow for 5 min Q&A	
0915 – 0950	Moving towards global standards for the benefit of the oil & gas industry. An introduction to the development and use of International Standards.	Mr. Alf Reidar Johansen, OGP Standards Manager
0950 – 1020	Work and deliverables of ISO Technical Committee 67 Materials, equipment and offshore structures for the petroleum and petrochemical industries	Mr. Gilles Tricon, Total, (On behalf of Mr. Neil Reeve, Shell)
1020 – 1040	Tea/Coffee Break	
1040 – 1110	National & International Standardization in Thailand	Mr. Nithasn Sirilarpyos, Thai Industrial Standards Institute [TISI]
1110 – 1135	Role of the Regulator: Challenges and Expectations in the Thai Upstream Oil and Gas Industry	Mr. Supat Napanoparatkaew, DMF
1135 – 1155	Thailand Oil & Gas Industries Standards; The Petroleum Institute of Thailand view on Standards	Mr. Vichai Taranajesda, PTIT
1155 – 1225	Adoption of International Standards from ISO/TC67 around the globe. Work of and collaboration with other ISO & IEC Committees of interest for the oil & gas sector.	Mr. Gilles Trican, CEN/TC12 Chairman, Total
1225 – 1245	Regulators' use of standards around the globe	Mr. Alf Reidar Johansen, OGP Standards Manager
1245 – 1400	Lunch Break & Networking at Sakuntala B	
1400 – 1430	PTTEP Engineering Specification Initiative	Mr. Chris Wheeler, PTTEP
1430 – 1500	BP's Experience in Working with International Standards and Their Impact on BP's Corporate Specifications	Mr. Ross Smith, BP OGP Standards Committee Chair
1500 – 1530	PTT Group SSHE Management Standards	Mr. Prapote Upatump, PTT
1530 – 1600	Tea/Coffee Break	
1600 – 1620	Introduction to the European oil & gas regional standards work in CEN/TC12	Mr. Gilles Trican, Chairman CEN/TC12, Total
1620 – 1640	Introduction to ISO working procedures	Mr. Ross Smith, BP (On behalf of Mr. Neil Reeve, Shell)
1640 – 1700	Introduction to OGP, overview of broad role and active committees	Mr. Alf Reidar Johansen, OGP Standards Manager
1700 - 1800	Free time	
1800-2100	Dinner, Reception & Networking event at Chakkrapongse Villa	

Day 2	PROGRAMME - Sharing standards experience & challenges	SPEAKER
-------	-------------------------------------------------------	---------

International Standards Workshop for the Oil & Gas Industry In Thailand/South East Asia  
1 ½ days 11-12 March 2010, Peninsula Hotel, Bangkok

0630 - 0800	Breakfast at River Café and Terrace at Ground Floor	
0800 - 0830	Registration & Refreshment	
0830 - 0900	Think Standards, Think Global – Adoption of International Standards in Shell	Mr. Alf Reidar Johansen, OGP (On behalf of Mr. Neil Reeve, Shell)
0900 – 0930	Implementation of ISO and IEC International Standards in Thailand/South East Asia – challenges and benefits for the petroleum sector	Mr. Gilles Trican, CEN/TC12 Chairman, Total
0930 - 1000	Implementation of Standards by an International E&P Company	Mr. Patrick Toomey, Chevron
1000 – 1015	<b>Tea/Coffee Break</b>	
1015 - 1020	Introduction to Round Table Discussion	Moderators: Khun Jirapong Dharaphop, PTTEP + Ross Smith, BP
1020 – 1130	<p>Round Table Discussion.</p> <p><b>Theme: Oil &amp; Gas Standards – Benefits and Challenges in Thailand/South East Asia</b></p> <p>The round-table discussion will be arranged in mixed groups consisting of 7 to 10 participants – 60 min. For the first hour, each group will discuss and develop answers and positions to one specific question assigned from the five questions (below). Thereafter as many of the remaining or new questions as deemed interesting. The plenary will reconvene and xx randomly picked groups will be asked to present their findings and response.</p> <p>Questions (draft questions, may change as need be):</p> <ol style="list-style-type: none"> <li>1. Can standards help the Thai/South East Asia petroleum industry? If yes – how? If no – why?</li> <li>2. What are the pros (benefits) and cons (challenges) for the Thai/South East Asian petroleum industry – national and foreign operators, regulators, manufacturers, service providers – moving towards adopting, implementing, referencing International Standards?</li> <li>3. What are the challenges the Thai/South East Asia petroleum industry faces with respect to use and implementation of International Standards related to the petroleum industry?</li> <li>4. What should be done / needs to happen to enable improvements in the Thai/South East Asian participation in the development of ISO and IEC Standards for the petroleum industry?</li> <li>5. Are you aware of apparent or expressed resistance to attempts and efforts to align the Thai/South East Asia Standards or Operating Company technical specifications with those available from ISO and IEC? If yes, why?</li> <li>6. Which resolution would you like to come out of this workshop?</li> </ol>	
1130 – 1220	Moderated Panel-Audience Discussion Note: all group responses will be collected for further synthesis.	
1220 - 1230	Agreement of workshop resolutions & Closing remarks.	
1230 - 1240	End of workshop	
1240 - 1400	<b>Lunch at River Café and Terrace</b>
