

Performance

THROUGH LEADERSHIP

Surface Systems
Cameron Romania Overview
February, 2007

- ISO 10423:2003 “Petroleum and natural gas industries -- Drilling and production equipment -- Wellhead and christmas tree equipment “
- ISO 10428:1993 “Petroleum and natural gas industries -- Sucker rods (pony rods, polished rods, couplings and sub-couplings)”
- ISO 15156/1:2001 “Petroleum and natural gas industries – Materials for use in H₂S containing environments in oil and gas production – Part 1: General principles for selection of cracking-resistant materials”
- ISO 15156/2:2003 “Petroleum and natural gas industries – Materials for use in H₂S containing environments in oil and gas production – Part 2: Cracking-resistant carbon and low alloy steels, and the use of cast irons “
- ISO 15156/3:2003 “Petroleum and natural gas industries – Materials for use in H₂S containing environments in oil and gas production – Part 3: Cracking-resistant CRAs (corrosion-resistant alloys) and other alloys”

- **Sucker rods according to ISO 10428:1993 and API 11B: 1998**
- **Gate valves according to ISO 10423:2003 and API 6A:2004**
- **Wellhead components & X-mas trees according to ISO 10423:2003 and API 6A:2004**
- **Subsurface Pumps according to API 11Ax:2001**

ABS Quality Evaluations

CERTIFICATE OF CONFORMANCE

This is to certify that the Quality Management System of:
Cameron Romania S.A.

1 B.P. Hasdeu Street
105600 Campina,
Prahova
Romania

has been assessed by ABS Quality Evaluations, Inc. and found to be in conformance with the requirements set forth by:

ISO 9001:2000

The Quality Management System is applicable to:

DESIGN AND MANUFACTURE OF OILFIELD EQUIPMENT AND INDUSTRIAL VALVES

Further clarifications regarding the scope of the certificate and the applicability of ISO 9001:2000 requirements may be obtained by consulting the organization.

Certificate No:	31220
Original Certification Date:	11 April 1994
Effective Date:	09 July 2003
Expiration Date:	16 March 2009
Issue Date	15 August 2006

Charles D. Russo, President

Validity of this certificate is based on periodic audits of the management system defined by the above scope and is contingent upon prompt, written notification to ABS Quality Evaluations, Inc. of significant changes to the management system or components thereof.

ABS Quality Evaluations, Inc. 16800 Greenpoint Park Drive, Suite 300 South, Houston, Texas 77060 U.S.A.

Validity of this certificate may be confirmed at www.abs-qe.com/cert_validation.

Institute**

Certificate of Authority to use the Official API Monogram

License Number: **6A-0327**

ORIGINAL

The American Petroleum Institute hereby grants to

CAMERON ROMANIA S.A.
B. P. Hasdeu, No. 1
Campina, Prahova
Romania

the right to use the Official API Monogram® on manufactured products under the conditions in the official publications of the American Petroleum Institute entitled API Spec Q1® and **API Spec 6A** and in accordance with the provisions of the License Agreement.

In all cases where the Official API Monogram is applied, the API Monogram should be used in conjunction with this certificate number: **6A-0327**

The American Petroleum Institute reserves the right to revoke this authorization to use the Official API Monogram for any reason satisfactory to the Board of Directors of the American Petroleum Institute.

The scope of this license includes the following products: Casing and Tubing Heads; Cross-Over Connectors; Tubing Head Adapters; Top Connectors; Tees and Crosses; Adapter and Spacer Spools; Casing and Tubing Hangers; Valves; Chokes; Flanged Connectors; Threaded Connectors; Other End Connectors; Ring Joint Gaskets at PSL 1 through 3; Back Pressure Valves (PSL not applicable); Bullplugs (PSL not applicable); Valve Removal Plugs (PSL not applicable)

QMS Exclusions: No Exclusions Identified as Applicable

Effective Date: SEPTEMBER 5, 2006
Expiration Date: APRIL 12, 2008

To verify the authenticity of this license, go to www.api.org/compositelist.

- 8 New horizontal centers dedicated for gate valves & wellhead components machining

8.1 QA & QC ORGANIZATION CHART

ASNT Level III NDT personnel

We have two persons NDT qualified ASNT Level III
One open position for NDE operator

Certified Auditor

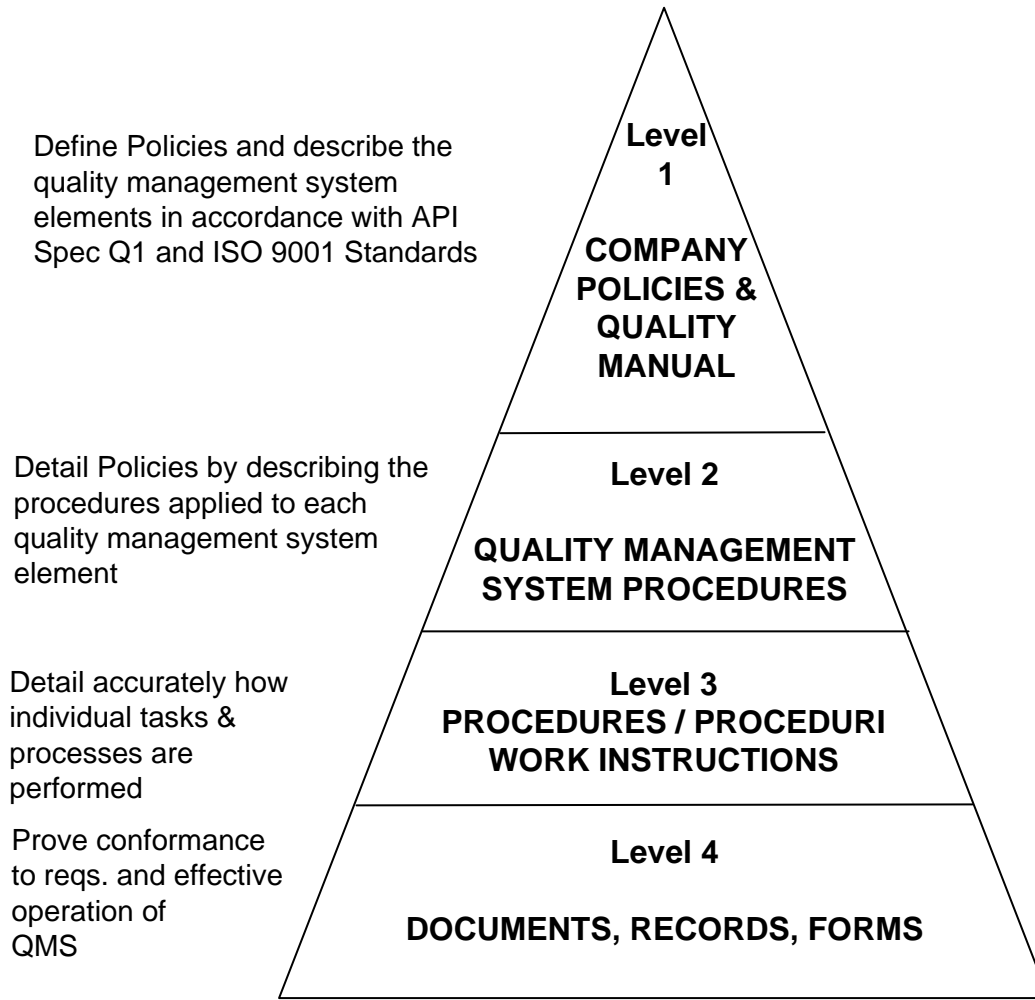

We have a person certified as a EOQ Quality Auditor (European Organization of Quality),
certificate no RO02A-35

We have also three persons who passed training as Lead Auditor made by MOODY
INTERNATIONAL, training program certified by IRCA with certification no A17072

8.2. Quality Management System

The structure of Cameron Romania Quality Management System documents is the following:

- Company policies;
- Quality Manual;
- Documented Procedures required by the reference standard;
- other documents required to monitor processes (Procedures, Work Instructions, Quality Plans, Manufacture Process Documentation);
quality records

- Cameron Romania has established, documented, implemented, and are maintaining a Quality Management System focused on permanent improvement of its efficiency, pursuant to the prescriptions of the reference standards ISO 9001 and API spec Q1/ISO TS 29001.
- Cameron Romania has defined and are performing activities so that their Quality Management System could function; such operations are listed below.
Sterom:
 - has identified and is identifying the processes required by Quality Management System and has defined the way they apply to the organization;
 - has determined and is determining the sequence of processes carried out in the organization;
 - has determined and is determining the criteria and methods required to ensure that process progress and control are efficient;
 - provides the resources and information required to perform and monitor processes;
 - monitors, measures, and reviews processes;
 - implements actions necessary for achieving the planned results and permanent process improvement.
